Yes let me send this over to that team. I know they are emptying them regularly but the Foothill ones don't usually overflow so I will see what's going on with that. Commerce I think the businesses may be using them which happens from time to time.

Perfect! Thank you, Sarah. Also, not sure if I can share this yet: I did a quick site visit yesterday. Few of the trash bins on Commerce Avenue, Day Street, and on Foothill Blvd are overflowing. Any chance we can work on it, as well? Received few calls from constituents! (*All streets mentioned are along Foothill Blvd*)

Hi,

This is a first so I will need to make some phone calls and look into this. I'll circle back when I have some info.

Good morning, Sarah,

I hope this email finds you well! I wanted to reach out in regards to a case a constituent shared with me. Right across from her property, she was expressing how she witnessed the owners of the property dumping horse manure over the cliff/mountain. I was not too sure as to how I can assist her in this regard. Is there a program or opportunity to work on this?

The location or property in question is right across from [8253 Ellenbogen Street](#). From what the constituent was sharing with me, this was the same location that a horse had fallen over the cliff last year; which is a concern for me as well. But for now, I wanted to work on the aspect of the owners throwing horse manure over the cliff. The images of the location and the horse manure are attached from the email I have forward to you. If you can guide me on this issue at hand, that would be greatly appreciated!

Looking forward to hearing from you! Please, stay safe.
Much Gratitude,
Delilah Shahbazian

Hi there, here some pictures of the horse manure that keeps getting dumped down the side of the mountain. It can't possibly ok to do.....

Thanx much,
Petra Jorgensen

Thanx, appreciate the effort. I think once they got caught a few times without the proper permits they realized they better toe the line!

Good afternoon, Petra,

As promised, I checked in with LA Building and Safety to learn about the permits your neighbors acquired for [8241 Ellenbogen Street](#). They have up to eight permits: one closed, four finalized, and three in progress. Their permits are a mixture of construction on their site whether it be re-roofing, adding in a patio cover, or adding an addition to their storage/garage; (building addition, new building, and repair).

Based on my site visit, it does look like they are in line with their permits. I will make another site visit to make sure.

Much Gratitude,
Delilah Shahbazian

Good afternoon, Petra,

Thank you for the phone call this afternoon! It is a pleasure to meet you via email.

This is my work email, of which you can send me pictures of the location. I will, as well, look into the permits for [8241 Ellenbogen Street](#). Feel free to send me any updates or information!

Looking forward to hearing from you!
Much Gratitude,
Delilah Shahbazian
